This is to certify that Debajyoti Dasgupta has successfully completed his internship with PrepBytes as **Problem Setter & Tester** during the period 11th December 2020 to 25th June 2021.

He was responsible for setting problems, content creation, and doubt mentorship for the coding platform of PrepBytes. During the internship he did a nice job in understanding the needs and the pattern of problems required by the team and successfully provided them. He also showed great intent in covering an extra mile in the target given to him even despite the time crunch.

We wish him all the very best for his future.

With regards,
